Tanish Chhabra

IT NSUT'27 | Python and C++ Developer | Founder of Engagee
Digital Marketing Solutions
New Delhi, Delhi, India

Experience

Ericsson

Software Engineer Internship
July 2025 - Present (4 months)
Noida, Uttar Pradesh, India

Oversaw Business Requirement Document (BRD) preparation and led User Acceptance Testing (UAT) processes, ensuring software solutions met functional requirements and business objectives with minimal friction.

Google Summer of Code

GSoC Member
March 2025 - Present (8 months)
New Delhi, Delhi, India

I'm grateful to be part of Google Summer of Code 2024, where I'm contributing to real-world open-source projects and learning from experienced developers. I'm passionate about Python, C++, SQL, and data structures, and always eager to explore new tech and collaborate with others.

Engagee

Founder
October 2024 - Present (1 year 1 month)
Delhi, India

As the owner of Engagee, a Social Media Marketing Agency (SMMA), I specialize in crafting innovative strategies that help businesses build their brand presence, engage with their audience, and drive measurable growth. My role involves overseeing all aspects of the agency, from developing tailored marketing campaigns to managing client relationships and leading a talented team of creatives and strategists.

With a focus on delivering results-driven solutions, I leverage data insights, trend analysis, and cutting-edge marketing techniques to amplify brand visibility across digital platforms. At Engagee, our mission is to empower businesses to connect meaningfully with their customers and achieve their goals in today's fast-paced digital landscape.

Google Developers Group

GDG Member

December 2024 - Present (11 months)

As an active member of the Google Developer Group (GDG), I regularly engage with a community of developers to explore areas like Python, C++, AI/ML (especially NLP), and IoT. I take part in events, workshops, and hackathons, collaborating on projects and sharing knowledge while staying updated on emerging tech trends.

Codecademy

Member

May 2024 - Present (1 year 6 months)

As an active member of the Codecademy community, I regularly help others with topics like NLP, Data Science, C++, Java, and Web Development. By contributing to forums and Discord discussions, I've strengthened my own skills while supporting others on their coding journeys.

ITC Hotels Limited

Software Engineer Intern

June 2025 - July 2025 (2 months)

Gurugram, Haryana, India

Developed automation macros for internal bots to streamline daily operations, and managed seamless integration of third-party bots with existing software systems, enhancing overall workflow efficiency.

eCell NSUT

Video Editor

October 2023 - March 2025 (1 year 6 months)

Delhi, India

As an active member of eCell at NSUT, I've gained invaluable experience in entrepreneurship, event management, marketing, social networking, finance, and pitching. Working on a variety of projects and case studies has allowed me to apply these skills to real-world situations. Currently, I'm dedicated to an exciting project under eCell, where we are shaping the future of innovation and business development. Also participating in the National Entrepreneurship Challenge Let's connect and share our entrepreneurial journey!

The OM Foundation Charitable Trust

Volunteer

June 2024 - September 2024 (4 months)

Delhi, India

As a volunteer with The OM Foundation Charitable Trust, I worked on promoting girl education and supporting underprivileged communities. I helped organize workshops and awareness programs encouraging families to prioritize their daughters' education. I also led social media outreach—creating content, sharing success stories, and running campaigns—which significantly increased the trust's visibility and engagement. On the ground, I collaborated with schools and local leaders to boost participation and strengthen community trust in the initiative.

CodeTech

Coordinator

August 2019 - April 2023 (3 years 9 months)

Delhi, India

As a core team coordinator at CodeTech, I led the video editing competitions for inter- and intra-school tech events. I handled everything from designing competition formats and coordinating with judges to guiding participants and resolving technical issues. I also worked with the team on promotion, logistics, and ensuring a smooth, engaging experience that aligned with our mission to inspire young tech enthusiasts.

Education

Netaji Subhas University of Technology (NSUT), Delhi

Bachelor of Technology - BTech, Information Technology · (August 2023 - May 2027)

Birla Vidya Niketan

High School Diploma, Computer and Information Sciences, General · (March 2009 - May 2023)
